Governor Sarah Palin
P.O. Box 110001
Juneau, AK 99811

Dear Governor Palin,

The City of False Pass and its residents would like you to know how important the Design and Construction of Water and Sewer Facilities funding in the state budget is to us. The community homes and other buildings are presently on individual septic systems. Because the septic systems are quite old, 28 of the existing 32 systems have failed or are failing to the point of ponding or accumulation of sewage on the ground. This is a serious health concern to residents and one we are anxious to remedy.

We are about to the 85% design phase of a new community-wide sewer system. With continued funding from the State of Alaska and the matching federal funds, we hope to move to construction late this summer or early next spring.

As we have been working with the Alaska Native Tribal Health Consortium but successfully managing the construction of the water system improvements (completed) and wastewater design project ourselves, we know that this project is being done as efficiently as possible. It is a good project that brings health benefits and economic development to False Pass. We hope that it will not be a veto target in the FY 09 Capital Budget.

Sincerely,

S Kozter For-

Tom Hoblet
Mayor

FAX 840-2217

April 17, 2008

Governor Sarah Palin
State of Alaska
PO Box 110001
Juneau AK 99811-0001

Dear Governor Palin,

We would like to thank you and the legislators for recognizing our community's need and for adding $4,000,000 to the FY 09 Capital Budget to improve the runway in Chignik Lagoon.

As shown on the map, our gravel runway runs through the middle of a subdivision within our village. The approach is at an incline and the runway ends with at a cliff that drops down to the water. In addition, if a resident is crossing the runway as an airplane makes their approach, the plane must pull up.

The 1800 foot runway is a serious health hazard because it barely accommodates a Caravan and the Navajo is not permitted to land there. This makes us at a serious disadvantage during medical emergencies. There are times when we do not get a plane for more than three days at a time due to weather. The length of our runway in addition to the weather is not a good combination for safety. Please see the enclosed letter from a resident who had an appendicitis emergency in the middle of the night. She was fortunate, and we hope to never have an unfortunate incident.

The $4 million dollars will be used to extend the runway at least another 400 feet. The side roads will also be improved and a light system added to alert the citizens on the ground of the approaching aircraft. This will be safer for the residents and for the pilots.

In 2003 the village spent $50,000 to $75,000 and lengthened the runway from 1600 to 1800 feet on our own. We have also improved the side roads and done all that we can to improve the safety and quality of life for our citizens. This funding will complete the improvements.

This is a public safety project that will benefit our residents and visitors to our community. Not only will those entering and leaving the village be safer, but our residents will be assured access to health facilities, and the protection of our children will be enhanced. We appreciate your support of Chignik Lagoon.

Sincerely,

Clemens Grunert
Chignik Lagoon Village Council

Delissa Jones

(907)840-2281 WK

Bristol Bay Area Health Corporation
Attn: Rodney Anderson
Dillingham, AK 99576

Dear Mr Anderson:

My name is Delissa Jones and I am a resident of the Bristol Bay Area. I reside in Chignik Lagoon.

Last month a medivac plane was called to my assistance to get me to the nearest hospital for a medical emergency. The medivac was ordered at approximately 3:50AM but I did not get picked up until 12:30PM. I was in acute and excruciating pain that the strongest pain medication at our local clinic just barely took the edge off. When I finally did reach Anchorage at 4:30PM, I was diagnosed with ruptured appendix and went into surgery immediately.

My concern is the amount of time that it took for my medivac plane to reach me. I realize that our airfield limits the type of aircrafts that can land and take off but it still took over 8 hours for the plane to get here. Each resident in Bristol Bay should be taken care of and every possible action should be taken to assure their health and safety. I want every person to feel safe and secure living in our community. I ask that anything and everything that you can do to improve the medivac system will be done for future emergencies.

Sincerely,

Delissa Jones
Resident and Tribal Administrator for Chignik Lagoon

Subject: possible bill signing locations

Hey guys,

Here's a couple of ideas I Had for possible bill signings.

HB 268 Motor Vehicle Arson on Public Land, Rep Stoltze
He sponsored this bill after hearing from constituents about abandoned and shot up vehicles left at Jim Creek.
Possible location: Butte Volunteer Fire Dept, or Knik Public Use Area
Possible Invitees: State Fire Marshal DaveTyler, folks from the Butte Area Residents Civic Organization (BARCO) who asked Stoltze to sponsor the bill

APOC bills: HB 281, HB 305, HB 368
These bills could be signed at the same time at the APOC office to kill three birds with one stone. Possible invitees include bill sponsors Rep Lynn and Gatto (HB 281 Campaign Finance Disclosures), and Rep Meyer (HB305 Fundraising During Session). Rep Lynn's H STA committee also sponsored (HB 368 Ethics: Legislative & Gov/Lt Gov).

HB 200 Workers' Comp: Disease Presumption, Rep Dahlstrom
This is the firefighters bill Gov Palin was supportive of. It establishes a presumption in the State's workers' comp program to allow benefits for firefighters who have a disease presumed to be caused by their occupation. Possible locations include ANC or Eagle River Fire Departments. Another bill of hers passed this session also—HB 286 Impersonating a public servant—that could be signed at the same time.

This is what I sent to Lisa Demer, ADN. She asked two questions and I thought I'd just send this written response... Sean

To: ldemer@adn.com

Lisa,
Thanks for calling. I'll send a quick note in response to your questions.

My input on the big event—I'm extremely happy for Governor Palin, Todd, and the whole family. I had a chance today to briefly celebrate Trig's precious life by holding him—he's a beautiful baby boy and he's got two very joyful parents and lots of people who want to hold him. It brought back memories of holding our (Sandy & me) children when they were newborns—happy thoughts indeed!

As to me taking on the Governor's responsibilities—I was asked to and did substitute for the governor yesterday (Sunday) in Juneau at an event—it was the "Annual Governor's Prayer Lunch" in Juneau. At this point I don't believe I have any other requests to substitute for the governor due to Trig's birth.

All the best,

Sean Parnell
Lieutenant Governor

Update:

AIDEA/AEA and DMVA/EM flew out to the avalanche area on Friday afternoon to survey the damages.
AEA is working with AEL&P on both a short term and long term fix.
AEL&P and AEA are considering an above ground transmission line to get the community back on Hydro power and off diesel generators.
AEL&P and AEA are trying to find a possible source for this cable.
FEMA and SBA will be in Juneau this week to survey the situation.
AEL&P is working on digging out the snow from the foundations to make sure there has been no damage to the foundation base.
General Campbell will be calling for a DPC this Wednesday to go over all the information we know and make sure all agencies are thinking about all possible options and solutions.

Will know more later

Hi Governor Palin,

I am writing a research paper for a class I am taking at KPC. I had the oppertunity to choose the topic, and I chose to write about the two democratic nominees that we have running for president. The topic of my paper is; "Are our two 2008 Democratic nominees good candidates for the presidency?"

My two questions to you for my final research paper are:

What is something (character, background, experience, beliefs, etc.) that defines, and makes a good candidate for the president of the United States of America?

Do you think that Hillary or Barak (our two Democratic nominees) are good candidates for the presidency? Why?

Please if you could reply to this ASAP I would greatly appreciate it. I do realize however that you are a very busy woman.

Thank You

Rachel Kastner

Subject: ENERGY SUMMIT MEETING -- LEENs "Life Essential Energy Needs" for our homes

Date: 4-21-08
TO: Chow .. Dillingham city manager
FROM: Paul D. Kendall - energy consultant and activist

REF:: General PUblic Energy Summit and Forum Discussion-Direction, Vision-- action need 5 days long, 12 hours per day, and live on camera,,, panel up and panel down,,,data set, data set, data sets,,, need to gather all the information we can...need to hear from all sectors --- discontented, disconnected, distempered,,,, ha ha,,,, lets hear it all --- focus on residential needs. feeedstock owners, generation suppliers, area awarenesses, etc...
LET US FORM OUR OWN GRID! A "PEOPLES STATEWIDE ENERGY GRID OF COMMUNICATIONS" WITH EACH OTHER IN REGARDS TO OUR HOMES...AND FAMILIES NEEDS (responsible, fair and realistic needs) Each of you has to realize you as isolated and remote areas are expendable and collateral sacrafices! Once you face this we can begin to achieve something....
lets see who is up to what across the state especially in information being compiled....
in uses times, amounts, frequencies, for, from etc... new ideas, time frames, leaders in the know,,, energy languages,,,
updates on what oil companies are doing....
etc... lets all get together and shake hands on something that helps us all
like a state wide electric grid or intertie line,,, lets build us an electricial hydroelectric backbone network,,, owned by the people ans managed by private companies or something..
How can we all communicate at one time? Do we need a communications center or director fo energy issues only for meetings, films , product costs and demostrations and chat rooms for energy uses only
If we stableize our homes first will that bring more opportunity to enterprise sectors...??

I can get the Marston Therater for May 8 thur ,9 fri, from 7 am to 5pm and May 10, sat 7 to noon
at 65$ per hour and a camera crew for around 1,000.oo to fiilm live.....
and maybe some native corporation, city, company or organization would sponsor ..Juneau has a lot of money and i hear they are upset about paying 50 cents per kwh instead of 6 cents (too bad they werent making hydrogne gas in the night time and storing it to run generators in an emergency mooment like now.......Look, we could do this for around 25 hours X $ 65 + camera crew for $1,000 which woudl equal $3,000 = maybe some pizza and pepsi... dont spend money on newspaper, instead call radio talk shows and departments to come and learn us up....
and Do a live call in like American Idol.....Alaska Energy Statewide Speakerphone Call in where the people call in to register and comment and they pay for call..
by puting this on camera we could all learn from each other at one timie across the state....

Anyway, chow,,,, something to think about !
Maybe you coud circualte my attached 5 pages and this e-mail to other communites like a tree fax thing and departments and we coudl all pitch in to pay for this energy summit our selves....i am not a wealthy man, but i could work hard for little or nothing... an chip in $20.oo..-- I could

go to GCI and get a message phone to leave messages on for i think aaround 12.00 for amonth... and see if the marston has a phone line where people could call in and we could put them on a speaker
It might be fun to see how well all the little or average people and communities could get together and do something like this..... who cares if it is not real pretty......ya know....
mke us some signs for each community when talking and send us an arial picture of your community to put on camera for others to see
---maybe put together a report on how much electricity each home uses and where you get it and how much you pay along with who owns the eneergy you use in your community so we can get a picture here.....

Well, looks like i got carried away.... Paul D. Kendall
907-222-7882
ps.. Should Juneau spend some of their money to come here and host this event to ask us for some more of our money and show us their pain...?? @ 50 cents per KWH projected for them to pay becaue of the avalanche ---- not to minimise the villages staggering fuel prices!?

I WOULD REALLY LIKE TO HAVE US ALL SHARE IDEAS ON VARIOUS PRODUCTS TO GENERATE ELECTRICITY! SEE WHAT ALL OF US CAN COME UP WITH ? PERHAPS WE CAN CONTACT A MAJOR MANUFACTURER AND OFFER THEM A LARGE CONTRACT TO PURCHASE IF THEY CAN COME UP HERE AND CHECK IT OUT AT THEIR EXPENSE....????
i NOTICED ON THE MAP THAT MOST ALL VILLAGES AND COMMUNTIES ARE LOCATED ON OR NEAR RIVERS AND COASTLINES......
WHAT ARE OUR COUNTERWEIGHTS CAPABILITIES ... REMEMBER LIKE THE OLD COO KOO CLOCKS....ETC...

BP Alaska - Oil & Gas Industry Career Fairs

BP would like to extend an invitation to your organization to participate in its second annual Oil & Gas Industry Career Fair. Last year's event was an awesome success, so we have decided to expand our scope beyond college-age students, and open the event to anyone interested in exploring a career opportunity in the oil and gas industry. Additionally, this year we will be sponsoring the Career Fair in Anchorage, Fairbanks, Kenai, and the Mat-Su Valley. You may elect to participate in all four locations or just a few.

As an additional attraction, Career Fairs in Fairbanks, Kenai, and Mat-Su will be held in conjunction with a community picnic sponsored by BP Alaska. In each of these locations we are preparing for 500 or more attendees at each event!

Each event will be held from 11:00 a.m. - 6:00 p.m. with the community picnics beginning at

11:00 a.m. and ending at 3:00 p.m.

Specific dates and locations include:

City	Date	Location
Wasilla	Friday, June 6	**Mat-Su Career & Technical High School** - 2472 N. Seward-Meridian Highway
Kenai	Friday, June 27	**Challenger Learning Center of Alaska** - 9711 Kenai Spur Highway
Fairbanks	Wednesday, July 9	**Carlson Center** - 2010 2nd Avenue
Anchorage	Friday, July 18	**BP Alaska** - 900 E. Benson Blvd.

BP Alaska is sponsoring each event, so there is no cost to participate; however, costs for your company representatives to travel to the events must be provided by your organization.

To confirm your space, please return this registration form via e-mail to joanne.efta@bp.com by May 16.

Oil & Gas Industry Career Fair Registration:

Organization	Information
Contact:	
Phone number:	
E-mail address:	
Participating location:	
Wasilla: Friday, June 6	
Kenai: Friday, June 27	
Fairbanks: Wednesday, July 9	
Anchorage: Friday, July 18	
Table/booth size requirements[a]:	
Plastic tablecloth and skirt for Mat-Su or Kenai[b]:	
Electrical requirements[c]:	

a. Please note that each location will provide tables that range from 6 to 10 feet. Please specify your needs and we will do our best to provide the adequate number of tables and space.

b. Linen tablecloths and skirts will be provided in Anchorage and Fairbanks. We will provide white plastic tablecloths and skirts for Mat-Su and Kenai. Please let us know if you will need one or if you will be providing your own.

c. The BP Atrium and conference rooms have very limited wireless access. All other locations should be acceptable for wireless access.

For questions, further information, or to register you may contact JoAnne Efta at 522.8209 or via e-mail.
joanne.efta@bp.com

We look forward to your participation in these events!

Oil & Gas Industry Career Fair Planning Team

Governor Palin Calls for Nominations for North Star Awards for International Excellence

Governor Sarah Palin announced the establishment of the Governor's North Star Awards for International Excellence.

The awards will be presented annually to honor Alaska businesses, schools and other organizations that have improved life in Alaska through international activity. The program provides the opportunity to recognize Alaskans' international accomplishments in trade, investment, transportation and educational, cultural, humanitarian and scientific exchanges.

"International markets and companies trust Alaska's stable, transparent business climate. They appreciate the creativity and friendliness they find in our state," Governor Palin said. "I want to honor Alaskans who connect us all to the world. The North Star Awards are a good way to celebrate the international know-how of Alaskans."

Alaskans may nominate themselves, others, businesses, schools, organizations or other groups for the awards. Awards may be given in several categories in any given year but will not be given in all categories each year. The Export Council of Alaska and others will assist the State of Alaska in reviewing nominations.

Nominations are due April 30 and should consist of no more than five pages of material explaining the nature and success of the international activities that have occurred in the five-year period prior to the award. Nominations should follow the North Star Awards outline. The outline is available at http://www.gov.state.ak.us/pdf/2008-TradeNominationForm2.pdf.

For more information, contact Patricia Eckert, Governor's Office of International Trade at (907) 269-7450.

MESSAGE:

April 19, 2008

Dear Governor Sarah Palin and First Dude Mr. Palin & Family

Congratulations, on your newborn son, I see the lord has blessed you and yours with the blessings of one of his own children. My the glory be the lords. As parents of four children our oldest son Ryan Wolf, now 27 has Downs syndrome. As parents we came to realize early that the lord blessed our lives with own of his own children, and blessing we cherish to this day.

Ryan is soon to be twenty-eight, lives in his own house, cares for himself with little assistance, and works part time. As parents, with four children our two youngest are young teenagers and Ryan's younger brother is now 24 and serving in Germany under the 126th first infantry.

As a loving family, please except our family prayers for you and your family through these

upcoming days and years.

May the glory be to God.

Please feel free to call

Kelly & Vera Wolf

Subject: Re: Gordon Liddy's Trip

Mr. Katz: Whatever I can do to help, I'm there. I'll participate as much as G Gordon wants me to.

Janice: pls schedule those times. And can someone correct the ADN before the erroneous info spreads even further that's he's "hired" to do this? It's worthy of an official correction. Thanks

Kris: pls let Tom/Marty know I'm coming in to hear AGIA update at scheduled time, and if additional time can be dedicated to the messaging plan I will appreciate hearing from our folks on that topic. Thanks!

Mike: pls ask Bd of Educ to send me, officallly, the next couple of names on their list- I want to get going asap on Commissioner appointment. I'm cc'ing Barb and Talis on it tóo. I need to know that they've received the official request (mandate) to forward me the next two names, so if I can get confirmation of that today I'll be able to scratch that off my list. Have them do so asap, thanks.

Subject: Gordon Liddy's Trip

Adrian Herrera of Arctic Power asked me to = forward the email below which contains further information concerning Mr. = Liddy's trip to Alaska and suggests the location and dates for his = interaction with the Governor if she is still interested.

Obviously, there is much time between now and = mid-July, but I know you like to plan in

advance, and the email is partly = responsive to the ADN article which appeared on Saturday. Please let = me know if I can help further.

Please note that my email address has = changed. My new email address = is <mailto:jwkatz@alaskadc.org> jwkatz@alaskadc.org. = Thank you .

>= >> On 4/21/2008 at 12:29 PM, in message <21840B49-8264-4957-BAA7-D= E2B8BB3CA6F@anwr.org>, Herrera Adrian <aherrera@anwr.org> = wrote:

Dear John and Larry,

As I talked with John this morning Larry we have arranged to meet on = May 13th at 10am at your offices to discuss the G.Gordon Liddy trip to = Alaska this summer. I will be bringing along with me Matt Fagnani of = NANA Management Services and Eric Helzer of CH2MHill who are the Arctic = Power Executive Committee members put in charge of the Liddy trip to = Alaska. We would like just to meet with you both and go over the = schedule of the trip and answer any questions you may have. We are = trying to make this event as open as possible for the Governor to = participate in, to get her as much air time as we can with Liddy so she = can spread the gospel on Alaskan energy.

Just to recap the trip is billed as Gordon Liddy on Alaskan energy = and what it means to the nation. It will go on air July 14-18 from = 6am-9am each morning Alaska time. The first two days will be from = prerecorded material made July 12-13th from the Slope with the possibility = that July 14th might be broadcast from Barrow live with Mayor Itta as the = VIP guest. From July 16,17 and 18th the show will be broadcast live = from studio in Anchorage. We hope the Governor is available either = by phone or in person in Anchorage during one of these days. We are also = looking to get Liddy as a guest appearing on other radio shows and = possibly TV nationally during this time.

As I told John, Larry, the ADN article over the weekend was erroneous = in stating Arctic Power is "hiring" Liddy. This effort by Liddy is = entirely voluntary and he will not be compensated in anyway other than = having his airfare/accomodation and meals provided for. =

Matt and Eric will be arriving on the 12th of May and meet with = yourselves on the 13th in the morning and then with Liddy in the afternoon = in VA. On the 14th they are scheduled to meet with Chairman Young's = staff , and Sens. Stevens and Murkowski's staff

to discuss the trip and = answer any of their questions.

I look forward to seeing you on the 13th.

all the best,

Adrian

Date: 4-21-08
TO: .. fred at kiny radio-juneau
FROM: Paul D. Kendall - energy consultant and activist

Fred, will you please post my 5 page attachment and this e- mail on your local blogs if you have any there in junea ? (Or statewide) ?If you cannot share this e-mail and attachments with your fellow citizens , please let me know by calling me at 222-7882- thanks paul

REF:: General PUblic Energy Summit and Forum Discussion-Direction, Vision-- action
need 5 days long, 12 hours per day, and live on camera,,, panel up and panel down,,,data set, data set, data sets,,, need to gather all the information we can...need to hear from all sectors --- discontented, disconnected, distempered,,,, ha ha,,,, lets hear it all --- focus on residential needs. feeedstock owners, generation suppliers, area awarenesses, etc...

LET US FORM OUR OWN GRID! A "PEOPLES STATEWIDE ENERGY GRID OF COMMUNICATIONS" WITH EACH OTHER IN REGARDS TO OUR HOMES...AND FAMILIES NEEDS (responsible, fair and realistic needs)
Each of you has to realize you as isolated and remote areas are expendable and collateral sacrafices! Once you face this we can begin to achieve something....
lets see who is up to what across the state especially in information being compiled....
in uses times, amounts, frequencies, for, from etc... new ideas, time frames, leaders in the know,,, energy languages,,,
updates on what oil companies are doing....
etc... lets all get together and shake hands on something that helps us all
like a state wide electric grid or intertie line,,, lets build us an electricial hydroelectric backbone network, susitna and 25 othe hydroelectric gnerators,, owned by the people and contract managed by private companies or something..

How can we all communicate at one time? Do we need a communications center or director fo energy issues only for meetings, films , product costs and demostrations and chat rooms for energy uses only
If we stableize our homes first will that bring more opportunity to enterprise sectors...??

I can get the Marston Therater for May 8 thur ,9 fri, from 7 am to 5pm and May 10, sat 7 to noon
at 65$ per hour and a camera crew for around 1,000.oo to fiilm live.....
and maybe some native corporation, city, company or organization would sponsor ..Juneau has a lot of money and i hear they are upset about paying 50 cents per kwh instead of 6 cents (too bad they werent making hydrogne gas in the night time and storing it to run generators in an emergency mooment like now.......Look, we could do this for around 25 hours X $ 65 + camera crew for $1,000 which woudl equal $3,000 = maybe some pizza and pepsi... dont spend money on newspaper, instead call radio talk shows and departments to come and learn us up....

and Do a live call in like American Idol.....Alaska Energy Statewide Speakerphone Call in where the people call in to register and comment and they pay for call..
by puting this on camera we could all learn from each other at one timie across the state....

Anyway,,,,, something to think about !
Maybe you coud circualte my attached 5 pages and this e-mail to other communites like a tree fax thing and departments and we coudl all pitch in to pay for this energy summit our selves....i am not a wealthy man, but i could work hard for little or nothing... an chip in $20.oo..-- I could go to GCI and get a message phone to leave messages on for i think around 12.00 for amonth... and see if the marston has a phone line where people could call in and we could put them on a speaker
It might be fun to see how well all the little or average people and communities could get together and do something like this..... who cares if it is not real pretty......ya know....
mke us some signs for each community when talking and send us an arial picture of your community to put on camera for others to see
---maybe put together a report on how much electricity each home uses and where you get it and how much you pay along with who owns the eneergy you use in your community so we can get a picture here.....

Well, looks like i got carried away.... Paul D. Kendall
907-222-7882
ps.. Should Juneau spend some of their money to come here and host this event to ask us for some more of our money and show us their pain...?? @ 50 cents per KWH projected for them to pay becaue of the avalanche ---- not to minimise the villages staggering fuel prices!?

I WOULD REALLY LIKE TO HAVE US ALL SHARE IDEAS ON VARIOUS PRODUCTS TO GENERATE ELECTRICITY! SEE WHAT ALL OF US CAN COME UP WITH ? PERHAPS WE CAN CONTACT A MAJOR MANUFACTURER AND OFFER THEM A LARGE CONTRACT TO PURCHASE IF THEY CAN COME UP HERE AND CHECK IT OUT AT THEIR EXPENSE....????
i NOTICED ON THE MAP THAT MOST ALL VILLAGES AND COMMUNTIES ARE LOCATED ON OR NEAR RIVERS AND COASTLINES......
WHAT ARE OUR COUNTERWEIGHTS CAPABILITIES ... REMEMBER LIKE THE OLD COO KOO CLOCKS....ETC...

Be a better friend, newshound, and know-it-all with Yahoo! Mobile. Try it now.

Subject: Capital Budget Matching Funds for Anchorage Pools

The Honorable Sarah Palin
Governor

Dear Governor Palin:

Congratulations on the birth of your son. May God bless the child and your family on this wonderful event.

I am writing to ask that you retain funds that were included in the capital budget sent to you by the Alaska legislature that matches the $2 million Municipality of Anchorage (MOA) Pool Repair Bond.

Anchorage voters recently approved the bond in order to ensure that critical repairs were made to the municipality's swimming pools. This approval surprised a lot of people, including the Mayor. I believe people voted for pools because they know the benefits of having these facilities, whether or not they chose to use them. But, the bonds require a match from the State. The appropriation in the capital budget provides this match.

Without these repairs, I fear these facilities will close because of threats to the health and safety of the users. This situation is ironic because swimming is important for public and personal public health and safety. I got involved in the grass roots effort to keep the pools open despite the fact that I am only a sporadic user of these facilities. I am an avid swimmer and a part-time aquatics professional who teaches swimming and lifeguard courses at the Alaska Club, so I use the club's pool or the pool at Alaska Pacific University. Still, as an aquatics professional, I can attest to the value of community swimming pools. The benefits of these pools go far beyond aquatic recreation. For me, having lost two friends to accidental drowning, this is essentially a public health and safety issue.

We are not asking the State to shoulder the entire capital expense of maintaining the pools. We are asking the state to help us out as a partner. Why should the State do this? First, given the number of people residing in the Municipality (as a percentage of overall state population) this expenditure benefits a large number of state residents. Second, these facilities are used for regional and state wide swim meets and other events that draw participants from beyond the Municipality. Third, the pools provide benefits to people beyond the Municipality. Please allow me to provide a personal example of this last point. I was trained as a lifeguard instructor at a MOA pool. Recently, another lifeguard instructor and I trained eight lifeguards for the pool in

Yakutat. They were down to two lifeguards and had to restrict operating hours for the pool as a result of the shortage. I am pleased to report that with the training of additional lifeguards, the people of Yakutat now enjoy full operation of the pool.

Sincerely,

James Lima
